

Lake Eyre is the largest salt lake in the Southern Hemisphere. It is situated half way along the Oodnadatta Track in outback South Australia.

It is equally spectacular when in flood with surrounding wildflowers and birds or in drought with it's brilliant white crust.

The Flinders Rangers are the most spectacular sight in South Australia. They run 400km from the northern end of the Spencer Gulf into the arid outback of Australia.

Conference Sessions will be held most days. Join with KDMA - friends & colleagues welcome - for adventure and education in the outback.
